Sir:

A Notice to File Missing Parts of Nonprovisional Application was mailed from the U.S. Patent and Trademark Office on April 26, 2002. A Reply to Notice to File Missing Parts was mailed to the U.S. Patent and Trademark Office on May 9, 2002, with authorization to charge fees totaling \$1,373.00 to the Deposit Account of the previous Attorney of record. The correct total claim count is 100 claims, not 76 claims as paid in the Reply. Therefore, there is a deficit of \$216.00 in filing fees.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

Although there was an authorization to charge any deficiencies in this case, the \$216.00 deficiency apparently was not charged to the previous Attorney's Deposit Account, as shown in the accompanying Exhibit. Thus, Applicants' current Attorney is submitting a Substitute Fee Transmittal for Patent Applications indicating the correct number of total claims. Please charge the \$216.00 deficiency to Deposit Account No. 08-0380. An additional copy of the Substitute Fee Transmittal for Patent Applications is enclosed for accounting purposes.

Applicants' Attorney also hereby requests that the following items of information be corrected in the Filing Receipt for the subject application mailed June 11, 2002.

Please change the FIL FEE REC'D amount from "1373" to --- 1589 --- .

Please change the TOT CLAIMS amount from "51" to --- 100 ---.

Please change the ATTY DOCKET NO. from "NIIN-P02-010" to --- 3474.1000-005 ---.

Enclosed are copies of the Filing Receipt with changes noted in red and a Substitute Fee Transmittal for Patent Applications.

Pursuant to instructions in the February 29, 2000 O.G., we hereby request that the errors which are identified above be corrected in the captioned application to which this request for correction is directed. It is understood that the Patent Office will issue an automatically-generated, corrected Filing Receipt in this and, if applicable, any other affected applications.

Applicants' Attorney further requests that the docket number of record for the above-referenced case be changed to 3474.1000-005 as noted above. This request is made to better identify this application within our offices.

Please charge Deposit Account No. 08-0380 for any additional fees that may be due in this matter. One additional copy of this document is enclosed for accounting purposes.

Respectfully submitted,
